## Five Candidates Nominated for Council

Five candidates were nominated Monday for the three vacancies on the Town Council.

The three retiring councillors, W. T. Pitt, W. D. Spence and J. E. Gooder were nominated for reelection, the other nominees being J. A. McNehe and D. M. Sinclair.

The election will be held Monday, February 12th.

In the nominations for school trustee only two candidates were brought out, Dr. H. C. Llesner and Rev. A. Traub. Dr. Clarke, who has served on the school board for a number of years, declined the nomination. Dr. Llesner and the Rev. Traub will be declared elected by acclamation.

The members of the town council who carry over for another year are Mayor Chambers and Councillors Flary, Keith and C. E. Reiser.

The hold-over school trustees are Messrs. Berscht, Halton and Dr. Evans.

Electors should note that it is necessary to vote for three councillors, no more or no less, otherwise the ballot will be spoiled.

## Ministerial Meeting.

The Red Deer Ministerial Fellowship met in Knox United Church, Didsbury, on Monday, February 5. Rev. H. J. Wood conducted the devotional exercises, and Rev. W. Smith, of Red Deer, gave an interesting paper on "Authority in Religion." After full discussion refreshments were served and the meeting adjourned to meet at 11 a.m. in March. There was a good representation of ministers of all denominations throughout the presidency.

## Boys will Serve Tea.

A novel treat, with only boys serving, will be given in the basement of the Knox United Church this Saturday, February 10, from 2:30 to 6 p.m. Call in and see how the boys can do it. They're going to beat the girls. The price is 2 for 35c.

## U.F.A. Member Bolts Party

P. A. Miskew, U.F.A. member for Victoria, nominated by Premier Brownlee for the honor of moving the adoption of the Throne Speech, Saturday, turned his back on the government, saying that he would not accept the honor and was crossing the floor of the house to the Liberal party.

Causing a sensation in political circles, Mr. Miskew's action, it is said, may be followed by others on the government side taking a similar step. It has been rumored for some time that there has been unrest as a result of the U.F.A. having tied up closely with the C.C.F.

Mr. Miskew's refusal to the government came in the form of a letter to Premier Brownlee delivered on Saturday.

Tuesday afternoon Mr. Omar S. Germain, M.L.A., followed the lead of Mr. Miskew and severed his connection with the U.F.A. party. He also will join the ranks of the Liberal opposition.

The John Lenzler \$70,000 Estate, along with nine other estates have brought an action against the Alberta government, claiming the Alberta Succession Duties Act to be ultra vires. Those the plaintiff claim they are not liable to succession duties. If the claims are sustained the government stands to lose \$280,000.00.

A party of friends paid a surprise visit on Mr. and Mrs. Al Buckler on Monday night. Not being expected they found the home in darkness, but after some commotion they managed to arouse the unsuspecting host and hostess, who gave them a hearty welcome. They dined until the early hours and spent a very enjoyable time. The party consisted of Mr. and Mrs. Ellis Barnes, Mr. and Mrs. C. P. Reimer, Mr. and Mrs. Floyd Ahlgrim, Mrs. McPherson, Messrs. Noble Cole, Al McInnes, Percy Lunt, C. H. Ashward, Bert Morehead, Jim Morris, Bert Crossman and Bill Hartley.

## Westcott United Church Annual Meeting.

The annual meeting of Knox United Church, Westcott, was held Sunday, February 4, when a large congregation was present. The Rev. A. J. Mitchell presided.

The reports showed the work in Church and Sunday School to be in flourishing condition. All expenses for the past year had been met in full and \$100 contributed to the missionary purpose of the Church.

The following were elected officers: Treasurer, Mr. Jack Robertson. Board of Managers, Mr. A. Robertson, Jr.

Sunday School Superintendent, Mrs. Parker.

## Change in Show Night.

Mr. W. H. B. Sharp has installed a permanent machine at the Opera House and shows will now be held Thursdays and Saturday evenings.

This week Ronald Colman and Elsie Lundin in "The Masquerader" will be shown both Thursday and Saturday, but after this week there will be two different pictures each week.

Next Thursday's show will be "The Match King," which features Warren William.

## NOTICE OF POLL. TOWN OF DIDSBURY MUNICIPAL ELECTIONS, 1934.

Public Notice is hereby given that an Election will be held for the office of Councillor of the Town of Didsbury for the years 1934 and 1935 and that the polling will take place on Monday the 12th day of February, 1934, from 10 o'clock in the forenoon until 7 o'clock in the afternoon at the following place, namely, the Office of the Secretary-Treasurer of the Town of Didsbury, and that I will, at my office at Didsbury, aforesaid, on Monday the 12th day of February, 1934, at 7 o'clock in the afternoon, sum up the votes and declare the result of the Election.

Given under my hand at Didsbury this 5th day of February, 1934.  
W. A. Austin, Returning Officer.

## Obituary.

The death of Mrs. Charles M. Pratt took place at the Didsbury Hospital on Tuesday, February 6th after a few weeks' illness.

Margaret Peterson was born at Glasgow, Scotland, and at the time of her death was 28 years of age. She came to Canada with her father when very young and for several years lived in Calgary, afterwards moving to the Olds district. In 1927 she was married to Mr. Charles M. Pratt and they resided on their farm about 4 1/2 miles east of Didsbury.

Three children were born of the union, Gladys, Alice and Harold.

Besides her sorrowing husband and children she leaves to mourn her loss, her father, Mr. John Peterson, of Calgary, a twin brother, Alce, of Airdrie, and a sister, Mrs. A. Lund, of Airdrie, also a step-mother and four step-sisters.

Deceased was well known and highly respected both in Didsbury and Olds districts and she will be mourned by a host of friends.

The funeral services will be held at the United Church, Didsbury, on Friday, February 9th, at 2:30 p.m.

## JAMES MALLOCH.

Mr. James Malloch died suddenly on Saturday afternoon. He had been to town and rode home with a neighbor. After leaving the car to walk to his home he was seized with a heart attack and was dead when discovered.

Deceased was 65 years and 11 months of age and was born at Sarnia, Ont., moving to Iowa in 1881. He was married to Minnie Ayers 37 years ago and they came to Alberta in 1904, homesteading east of Carstairs.

He leaves to mourn his loss, his widow, two daughters, Mrs. Hugh McKay, of Acme, and Margaret at home, five sons, Russell, Cecil, Elmer, Clarence and Clifford, all at home. He also leaves five sisters, Mrs. A. G. Anderson, of Carbon, Mrs. W. B. Ayers, Garner, Iowa, Mrs. W. Sage, Chicago, Mrs. J. R. Ford, Iowa Falls, Mrs. J. H. Stewart, Broken Bow, Neb., and two brothers, Mr. R. Malloch, Drumheller and Mr. Wm. Malloch, Carstairs.

The funeral was held on Tuesday at the M.E.C. Church, Rev. H. J. Wood officiating.

## BIRTHS

At the Didsbury General Hospital.

On Wednesday, January 31st to Mr. and Mrs. Eli Persinger a son.

## Want Gravel Road to Carbon.

A delegation from the Carbon district comprising Messrs. A. B. Claypool, M.L.A., S. F. Torrance, S. N. Wright and Chas. Dunsmore, met Friday with the secretary of the municipality, asking for support in the application for a gravel road from Highway 21 about east of Carstairs, through Carbon, thence south to the Drumheller highway, and possibly south to Highway No. 2.

Mr. Claypool presented the proposition and said this was an opportunity to make the application, as it possibly worked into the relief scheme of the Dominion government.

We think that in conjunction with this scheme it would be a good time for the local authorities to ask that a secondary gravel road be constructed from the Calgary-Edmonton highway to Highway No. 29. At the present time there is no gravel highway running east between Calgary and Lacombe which makes it difficult to reach the east country during the wet weather. Some point near Didsbury seems to us to be a good place for such a road.

## Didsbury Stages Town Comeback

EDMONTON BULLETIN—The town of Didsbury has staged a comeback.

In the year 1922 a mill rate of 98 was levied for municipal, school and debenture requirements.

In the year 1926 a mill rate of 27 was levied for the same purposes.

The mill rate in 1933 was reduced by five mills, and at the end of that year the town had a surplus on hand amounting to \$16,880.00, so that the ratepayers are looking forward with assurance to further reduction in taxation. The town has for the past few years been in a position to finance its requirements without borrowing from the bank.

The good situation in which the town finds itself today is due in large measure to the unflinching efforts of succeeding councils during the past decade to be thrifty and to keep down expenditures to a reasonable minimum, without in any way jeopardizing the efficiency of the administration.

Their efforts, however, would have been unavailing had it not been for the levity of the ratepayers in demanding little and making heroic efforts to pay the high rate of taxation which prevailed some years ago, get the town out of a bad hole, and place themselves in a position to weather the depression years in good shape.

H. W. Chambers, the mayor of the town, has held that office continuously since 1921.

## Responsibility

It has become an almost universal habit to enter a new calendar year light-heartedly, in a spirit of gaiety, with nothing but words of happiness and good cheer upon our lips. And it is well that our greetings to one another on this annual occasion should take the form of good wishes for health, happiness and prosperity. But after the jolly attendant upon the passing of the old year and entry into the new be ended, there should come to most of us an intelligent man and woman more serious thoughts and a deeper realization of the significance of a new year.

The leaving off from the calendar of the last month's sheet of the old year, the opening of the diary of the new year at page one; the changing of the figures of the year from 1933 to 1934—these should bring home to us a new and greater sense of our individual responsibility in relation to the year upon which we have entered.

Because many of the big problems of this year are beyond our control; because many of the happenings of the year and its trends in this direction or that will develop irrespective of our views or actions, the fact should not be overlooked that the responsibility is ours for the determination and direction of numerous small matters which actually exert a far greater influence in the making or marring of our lives than these other so-called greater things which we have entered.

In the event of a great plague or epidemic of disease most of us would at once become alive to our responsibility to safeguard ourselves, our families, and our community from it. But how many of us give the same thought and accept the same responsibility for the day-to-day state of our health? Yet the state of our health, our vigor of mind and body, is a matter that most of us can determine to a large extent for ourselves. Health is the result of our habits and ways of living. It influences our lives possibly more than any other one thing. The responsibility is mainly our own to promote good health or bring on poor health; it is a responsibility that others cannot accept for us.

Again responsibility for our words and actions rests with ourselves. It is our duty to control our tongues, to weigh our words, to direct our actions. What misadventures, heart-burnings, pain and sorrow have been caused by a few thoughtless words; how many friendships have been broken and communities thrown into bitter strife because someone failed to recognize their responsibility before they spoke. It is such a simple thing to light a match, but the results of that simple act depend upon the use to which the ignited match is put; whether it is in the hands of a responsible or irresponsible person. It may provide a guide to a lonely wanderer and warmth and comfort and suitably prepared food for him, or it may start a conflagration resulting in the loss of many lives and destruction of much property. Our words, and our individual actions throughout the year, may have like beneficial or disastrous results. The responsibility rests with us.

In these unusual times possibly to a greater extent than in more normal times and under less trying conditions, the responsibility of individuals is increased even in face of the fact that the State is likewise compelled to assume more and heavier responsibilities. At a time of world-wide unemployment, when thousands of individuals find it impossible to procure a livelihood for themselves as they were formerly quite capable of doing, Government performance must make provision for them. But one of the present developments in our individual, community and economic life as a result of this enforced but temporary shifting of responsibility for the provision of the necessities of life for many, is the dissemination of the idea that such a condition should be made more or less permanent; that in the future the individual should assume the responsibility for his own well-being, and that the State should assume far more responsibility.

Whatever merit, or demerit, there may be in this view which, however, is finding acceptance in various countries under varying names, and under which the individual is losing much of his individuality and being more and more kept by, but at the same time moved about at the will of, the State, one thing does remain true to for the people of Canada: are concerned. For responsibility still rests with them as individuals; and being more and more kept by, and at the same time moved about at the will of, the State, one thing does remain true to for the people of Canada: are concerned. For responsibility still rests with them as individuals; and being more and more kept by, and at the same time moved about at the will of, the State, one thing does remain true to for the people of Canada: are concerned. For responsibility still rests with them as individuals; and being more and more kept by, and at the same time moved about at the will of, the State, one thing does remain true to for the people of Canada: are concerned.

The measure of a man is how he faces and accepts responsibility. All our education has but one main object, the preparation of youth for the acceptance and discharge of such responsibilities as life may impose upon them. Placing responsibility upon them has been the salvation of many a nation. It has led many away from folly, awakening them to the realities of life, widening their vision, and developing powers they little realized they possessed.

Let us throughout 1934 measure up to our responsibilities, whatever they may be, facing them fearlessly and discharging them courageously and efficiently to the best of our ability.

## Receipts Old Mail Bag

Charles Swander, rural mail carrier of Didsbury, Okla., has reported that his production of creamery butter for his "box" for 29 years and will be 25,000,000 lbs. according to records he does. Postmaster-General Dr. Markham, dairy commissioner for James A. Farley permitted him to the province. This, it fulfilled, well he kept it when he retired in December, more than half a million lbs. greater in requesting the bag, Swander said than the record year of 1931, when he had kept it in respect at his own. The total production was 22,000,000 lbs. alone since collecting the service. His.

## Creamery Butter Estimate

## A Tired, Worn Out Woman Can't Make a Happy Home

There is no happiness in the home when the mother is sick and worried by the never ending household duties. She gets run down and becomes nervous and irritable. Has shortness of breath, faint and dizzy, can't sleep, and gets up in the morning feeling as tired as she went to bed, and is disappointed and discouraged.

Milbarn's H. & N. Pills will soon convince women it is not necessary to suffer, as they build up the system, restore strength and bring back the former health and vigor.

## Export of Farm Products

## Ham, Bacon, Poultry and Eggs Show

Canada doubled its exports of ham and bacon this year as compared with 1932. The exports of live cattle were over twice as great. The exports of eggs in the shell increased sevenfold. Cheese exports were down.

When the final figures are in, the exports of ham and bacon will total about 75,000,000 pounds of which approximately 70,000,000 went to the United Kingdom. Last year 30,000,000 pounds went to the United Kingdom out of a total of 35,820,400 pounds. Approximately 52,850 live cattle went from Canada to the United Kingdom this year. About 8,500 head went to other countries or a total of over 61,000 head. Last year 16,000 head went to United Kingdom and 11,800 to other countries, or 27,800 altogether.

The eggs this year totaled about 2,000,000 dozen. Last year the total was 272,000 dozen. On the other hand practically no eggs were imported. Some years back Canada used to export over 6,000,000 dozen but at that time about as many eggs were imported as exported.

Canada shipped about 1,000,000 pounds of dressed poultry, mostly turkeys, to the British market for the holiday trade. This was about 100,000 pounds more than last year when the movement was started.

The exports of butter this year exceeded last year's, but there was a marked falling off in cheese.

## HOW ONE MAN LOST 19 lbs. FAT

## Now Feels Absolutely Fit

A fat man is commonly supposed to be a good natured fellow. But there is many a fat man who finds the going far from easy. The following letter describes one typical instance:

"I began to put on weight this year, and developed stoutness in the stomach which was very ugly. I took Kruschen Salts each morning for a month, and reduced my weight 19 lbs. So I kept on, and my weight now reduced 19 lbs. altogether. Apart from that, it has also relieved me of head-aches, and I feel absolutely fit each morning, ready for a hard day's work." H. M.

Taken every morning, Kruschen effect a gradual clearing of undigested food substances and all excessive watery waste matter. Unless this wastage is regularly expelled Nature will eventually store it up out of the way in the form of ugly fat. Once Kruschen gets into the blood you will soon see that double chin begin to go, and that too prominent abdomen begin to disappear.

## Eskimo Goes Modern

## Have Had First Labor Strike And Won "Hands Down"

The Eskimo has gone modern. They have had the first labor strike in their history. And they won it. Out of the vastness of Canada's northland, 200 odd miles within the Arctic circle, comes the unique story of the victory of the diminutive dark-skinned wards of the country. It is the story of the Eskimo organizing labor for the first time and against none other than the famed Royal Canadian Mounted Police and the historic Hudson's Bay Company. By the "no-strike" trail and other means of Arctic travel it reached Ottawa.

Barely needed for coastal Arctic posts, a combination of policy and company supplies was on hand at Akhivik. The usual seasonal pay of \$20 per ton for unloading was offered to the Eskimo. Sensing the exigencies of the situation, the wily "stove-drivers" sprung a surprise and held an impromptu meeting. They demanded \$25 per ton and refused to compromise. The police and the company capitulated.

Some 20 Eskimo were involved in the strike. They went into a "puff" divided equally between them at the end of the navigation season. Credit accounts for the men were established accordingly for supplies at stores of the Hudson's Bay Company.

A profitable bit of honor-work for the electors is to divide on the state of candidates was merit an "N" behind their names.

W. N. T. 2028

## Here's Quickest, Simplest Way to Stop a Cold

1. Take 2 Aspirin Tablets.
2. Drink full glass of water. Repeat treatment in 2 hours.
3. If throat is sore, crush Tablets in a half glass of water and gargle according to directions in box.

## Almost Instant Relief in this Way

The simple method pictured above is the way doctors throughout the world now treat colds.

It is recognized as the QUICK-EST, safest, surest way to treat a cold. For it will check an ordinary cold almost as fast as you caught it.

Ask your doctor about this. And when

ASPIRIN TABLETS ARE MADE IN CANADA

DOES NOT HARM THE HEART

You buy, see that you get Aspirin Tablets. Aspirin is the trademark of The Bayer Company, Limited, and the name Bayer in the form of a cross is on each tablet. They dissolve almost instantly. And thus work almost instantly when you take them. And for a gargle, Aspirin Tablets dissolve so completely they leave no irritating particles. Get a box of 12 Tablets or a bottle of 24 or 100 at any drug store.

## Employment In Logging Operations

## Encouraging Signs Of Industrial Recovery In Canada

Among the encouraging signs of industrial recovery, the increase in employment in logging operations is of special significance from the standpoint of winter work. The monthly reports received by the Department of Labor indicate that on November 1 there were approximately 100,000 men employed in logging operations as compared with 55,000 at the same time last year. This is practically back to the average of the five-year period, 1926-30, when 105,000 were on the pay rolls in November.

During these five years, which may be taken as last, the average number engaged in logging throughout the year is estimated to be 91,000, and the monthly averages varied from 54,000 in August to 139,000 in February. If this trend is followed in 1934, there should be 120,000 men at work during the next four months.

The advantage of having an industry which is capable of absorbing from 60,000 to 70,000 additional men during the winter months when work in many other occupations is curtailed is apparent.

The Forestry Service of the Department of the Interior attributes this increase in the activity of the logging camps to the increased exportation of lumber, especially to the United Kingdom and other parts of the Empire, and to improved conditions in the pulp and paper industry, together with the depletion of stocks of logs and pulpwood during the past two years.

## Canada's Non-Metallic Minerals

## Dominion Is The Leading Producer Of Asbestos

Canada is the leading producer of asbestos, has the largest tale output in the British Empire, and is one of the three super-producing nations according to the Department of Mines, Ottawa. The Dominion is an exporter of feldspar, gypsum, salt, arsenic, diatomite and graptolites, and a producer of sodium sulphate, natural and artificial aluminas, magnesite, silica, mauling sands, soapstone, phosphate and many others. Minerals known to occur rather extensively include barite, chromite, sulphur (pyritic), volcanic dust, and garnet. Development of these minerals is largely in the initial stages. The foregoing should be added structural materials which are generally classed as non-metals and which include clay, sand and gravel, limestone, granite, and marble. Occurrences of these are abundant in Canada and in the main are of excellent quality.

## Lesson For The Future

## Germany's Blow At International Confidence—Something To Think About

Her Hitler still speaks of his nation as down-trodden slaves. All that has been done to mitigate the consequences of defeat and humiliation for Germany has counted, it seems, as nothing. The evacuation of the Rhineland was hastened. Foreign military control was abandoned when it might have been continued. Reparations have been wiped out. Germany has been welcomed to the league and raised to the rank of highest honor and influence in its councils. But because all-round disarmament and equality for herself have been promised for a few years hence, not at this moment, this slandering blow at international confidence has been delivered. It is a situation to be dealt with calmly now; but its lesson for the future is written on the face of it.—London Daily Telegraph.

## Elk Thrive In Ontario

## Herd Sent From West Doing Well At Pembroke And Sudbury

The herds of elk sent by the Dominion Department of the Interior from Buffalo National Park in Alberta to Ontario and placed in the Provincial Crown Preserve near Pembroke and on the farm lands of the Huron Industrial Farm, 20 miles east of Sudbury, have settled down and are thriving in their new surroundings. It is reported by the Ontario Department of Game and Fisheries. The twenty-five head established near Pembroke have had an increase of five young in 1933, while a similar increase has been reported from the herd of fifty at Sudbury. Three adult elk died at the Huron farm but the remainder of the herd as well as all those at Pembroke are in splendid condition states the report.

But then if the farmer sold his machinery and sheltered it during the winter, what would our manufacturers do for a living?

### Agricultural Notes.

#### Feeding The Pregnant Sow

At the Dominion Experimental Station, Lacombe, at the present time, there are thirty-four Yorkshire and sixteen Tamworth brood sows in pig. The feed and general management these sows receive will to a large extent determine the success of the swine work at the Station for the coming season.

The pregnant brood sow is a very responsive individual; she appreciates any special care, or attention that may be accorded her, and is usually willing to show her appreciation in a very substantial way. At this station the following meal ration has been found to be very well adapted to the needs of the pregnant sow.

400 lbs. ground oats  
100 lbs. ground barley or wheat  
100 lbs. bran

So much for her cereal. The salad course on her menu may consist of suds, green feed and alfalfa hay or meal. Roots make a very acceptable dessert, providing bulk and succulence. As she also likes her little drink, buttermilk or skim milk should be fed as supplementary feeds. However, if neither of these is available, tankage may be substituted, at the rate of 3 to 5 pounds to every 100 pounds of meal.

Unless the sow is watched, she is all too likely to make a pig of herself, and care must be taken to keep her waist-line down. She should be kept in good thrifty condition, but without any surplus flesh. The following table shows the approximate amounts to be fed, to provide for all her needs and yet preserve her correct maternity figure.

Mature sows: 8 to 1.0 lbs. per 100 lbs. live weight for first 12 weeks.

1.2 to 1.3 lbs. per 100 lbs. live weight last 4 to 6 weeks.

Yearling sows: 1.4 to 1.6 lbs. per 100 lbs. live weight during pregnancy.

Gilts: 1.6 to 1.7 lbs. per 100 lbs. live weight during pregnancy.

The brood sow should have daily exercise, plenty of fresh, clean water and a regular grain ration, with potassium iodide fed in either the drinking water or the meal mixture, as an insurance against her farrowing hairless pigs.

#### Feeding The Nursing Sow.

During suckling period particular care should be taken to keep the sow from becoming constipated, as this condition in the sow will almost always cause heavy losses among the young pigs, and those that live are likely to be stunted and fail to develop properly. Because of its laxative nature bran is an especially valuable feed at this time.

One of the most effective nursing rations which has been used at the Dominion experimental station at Lacombe is composed of equal parts by weight of cut-chop, barley-chop and bran, supplemented with a little sweet skim-milk. Sour milk should never be fed to a sow nursing a litter, as it is almost certain to cause trouble in the young pigs. The sow should at all times have access to a mineral mixture. In order to

prevent anaemia among young pigs a sod about a foot square should be placed in the pen daily. Plenty of space should be provided, as exercise will keep the sow in good condition and guard against thumps in the little pigs, and unless the pigs get ample exercise they will not grow or develop properly.

### Remedy for Worms in Swine

It is evident that one of the greatest causes of unthriftiness and slow gains in swine is worm infestation. No farmer may expect to make the maximum profit from his pigs while they are infested with parasites, and the sooner he takes the proper steps to get rid of the worms the greater will be his returns. A simple and inexpensive worm treatment which has been found effective for the expulsion of the round worm is as follows:

Starve the pigs 18 hours, giving water the first twelve hours, but not afterwards. Mix the following:  
1 teaspoonful turpentine  
1 teaspoonful gasoline  
4 table-spoonful raw linseed oil  
per 100-lbs. weight of pig. Give this in skim-milk. If the pigs don't consume it immediately, leave it before them until they do. Starve another 3 hours, then feed as usual. Those pigs which do not improve should be dosed again in six days.

#### Royal Fair Winiings.

The final official check-up on the prizewinnings at the royal winter fair at Toronto shows a total of 245 prizes won, of which five were grand championships, 18 were other championships, and 64 were first prizes.

### NOTICE for NOMINATIONS FOR ELECTIONS

Municipal District of Mountain View  
No. 311  
MUNICIPAL ELECTIONS, 1934

Public Notice is hereby given that a meeting of the Electors of the Municipal District of Mountain View, No. 310, will be held at the Olds School of Agriculture, Alberta, at 1 o'clock p.m. on Saturday the 17th day of February, 1934, for the discussion of the affairs of the district; and that from 3 o'clock p.m. to 4 o'clock p.m. on the same day and at the same place, nominations for the office of Councillor will be received. Three Councillors are to be elected.

Councillors are to be elected for the following electoral divisions:—Division No. 4, Division No. 5, and Division No. 6.

Given under my hand at Didsbury this 5th day of February, 1934.

H. L. Taggart, Returning Officer.

### "What's Happened to The Light?"

We never miss the water until the well runs dry.

A faithful lamp, doing duty for many months in cellar or hallway, gives up the ghost. You flip the switch and when nothing results, involuntarily exclaim, "What's happened to the light?"

Suppose, however, that the trouble goes farther than the lamp—that a flood wipes out the power station, or a severe storm blows down the wires.

What then?

Is industry crippled for lack of electrical service? Are the doors of mercantile establishments locked? Are streets left in darkness? NO?

Interconnection, the linking of one system with another, is for just such emergencies. Immediately power is again available, interconnection means the protection of service against interruption.

It is just like having two or even three wells to draw from.

The Calgary Power Company representative in your territory can procure for you any item of electrical equipment. He will tell you about the attractive terms upon which you can purchase many electrical appliances—with a small cash payment and the balance on your monthly light bills.

## Curling Notes.

Didsbury is represented by rink at the Edmonton bonspiel. Messrs. Tommy Johnson, Dave Edwards, Jake Huget and W. G. Liesemer make up the rink.

The Carstairs bonspiel was run under difficulties and the major events were concluded on Monday night by curling till after midnight. Jim McGhee's and Ward Wymann's rinks each took 2nd prizes, both being beaten in the finals.

## Next Year.

(A Farmer's Dream).

By Lew Wrigglesworth, Didsbury

Next year, the weather prophets say, will be all we desire;  
And bumper crops we're sure to reap if we'll the soil we till.  
'Tis twilight time, as pipe aglow, he settles by the fire,  
And with the smoke his spirits rise, while all around grows still.

Next year the sun and rain combined will furnish what we need  
To make all vegetation thrive and yield profusely too.  
'Twill cause the grass to luscious grow, and propagate our seed  
A hundredfold. Oh, glad we'll be to have it all come true.

The cattle on the verdant hills a-growing fat will be,  
The wheat put up a record fit to make a fellow cheer;  
And nought but optimism gay shall anyone e'er see—  
Methinks more bins I'll need to build at threshing-timenext year.

Next year, so politicians say, we'll all see better times,  
And produce prices will advance so we can take our ease.  
And with our wives and families resort to warmer climes—  
There to escape the wintry blasts 'neath orange-laden trees.

Oh, sure I'll pay the mortgage off—a trifling thing to do;  
I'll paint the buildings, fixthehouse and buy a brand new car.  
That note against me at the bank I'll lift and tear in two—  
A single blot must not remain our happiness to mar.

Like heaven itself this earth will be when all this comes to pass,  
And I can say goodbye to care; (the time seems drawing near)  
No fear of bleak despondency—no black and deep morass.  
Oh, happy I can rest . . . and rest . . . next year . . . next year.

The pipe slips from an nerveless grasp; a snowy pallor creeps  
Into the leather cheeks, while slowly droops the greying head.  
A look akin to lasting peace the smiling visage keeps;  
Next year concerns him not at all. His rest has come—he's dead.

## NOTICE

for  
NOMINATIONS FOR ELECTIONS

Municipal District of Westerdale,  
No. 311

MUNICIPAL ELECTIONS, 1934

Public Notice is hereby given that a meeting of the Electors of the Municipal District of Westerdale, No. 311, will be held at the Westerdale Community Hall at 1 o'clock p.m. on Saturday the 17th day of February, 1934, for the discussion of the affairs of the district; and that from 3 o'clock p.m. to 4 o'clock p.m. on the same day and at the same place, nominations for the office of Councillor will be received. Three Councillors are to be elected. Councillors are to be elected for the following electoral divisions:—Division No. 1, Division No. 2, and Division No. 3.

Given under my hand at Didsbury this 5th day of February, 1934,  
Geo. Young, Returning Officer.

## WEEKLY JOKE

"What's the matter, darling?"  
"Papa hit his finger with the hammer."  
"Don't cry about that, you should laugh."  
"I...I did."

## Burnside Notes.

We wish to extend our deepest sympathy to Mr. and Mrs. Albert Arndson on the death of the former's brother, Clifford.

Mr. Dick Metz, of Bergen, spent a few days last week at his home here.

Mr. Charlie Miller visited his folk Mr. and Mrs. J. Miller on Sunday.

Mr. R. O. Jenkins spent Saturday with Mr. Gus Bittner.

Mr. and Mrs. N. Gill visited with friends at Aeneo on Saturday.

Miss Alberta Metz spent Wednesday afternoon with Miss K. Dyck.

Mr. Noah Eckel, who is taking treatment in Calgary, visited his home here last week.

Mr. and Mrs. Otto Bittner spent Sunday at the home of Mrs. R. Bittner.

Mr. and Mrs. Walter McCulloch moved to the Sherbrooke district last Thursday.

Mr. D. W. Thomas, Samuel and Ruth, visited with Mayton friends on Sunday.

Mr. and Mrs. Chris Elhart and family spent Sunday with Mr. and Mrs. Guy Schneider, of Torrington.

Mr. and Mrs. Bert White, Doris White and Percy Fullerton, of Bancroft district, spent Sunday evening with Mr. and Mrs. B. Woods.

Mr. and Mrs. Thompson, Sr. and Mr. and Mrs. Thompson, Jr. spent Saturday evening with Mr. and Mrs. Joe Clark.

Mr. Adam Schumaker, Calgary, who has been visiting his brother Mr. Pete Schumaker, returned home Friday last.

Mr. Jim Tate is advertising a sale of horses, purchased cattle, sheep, and farm implements. The sale is to take place on Tuesday, Feb. 27.

We are glad to report that Mrs. C. L. Cipperley, who has been in the Didsbury Hospital for some weeks, was able to return home on Saturday.

## RUGBY NOTES

The whist drive held at Melvin was a very successful affair. Every one enjoyed themselves and nobody seemed in a hurry to depart even when 3 a.m. arrived. Honors went to Miss Bessie Evans and Mr. J. Morton.

The dance given by the Cheer-Up Club for the Junior Red Cross was well patronized and a good time was enjoyed by all present. The last meeting of the club was spent in playing whist, honors going to Miss Annie Lucas and Douglas Hoesegood. It was decided to hold another dance February 25th at Rugby, also to hold a concert April 4th as a close to the season's activities. Please keep these dates in mind.

The February meeting of Rugby W.L. was held at the home of Mrs. H. Hoesegood, 26 members and visitors being present. After the business session was over Mrs. Parker took up the topic of the afternoon, the Home Economics Short Course dealing with the various methods of preparing and cooking vegetables, etc. which proved especially interesting. At the lunch hour a number of cakes, cookies and pies, made by the members of the Home Economics class from recipes given in previous lessons, were displayed and sampled. We trust nobody suffered any ill effects from so much variety. The March meeting will be held at the home of Mrs. Wahl, when the topic for the day will be "Agriculture." Don't forget the flower-ship exchange.

YOU will be MORE THAN SATISFIED by having your Watch, Clock, Phonograph, or Sewing Machine fixed right in Didsbury. All my work is guaranteed, reasonable prices.

## No License Cut for Cars Used Prior to April 1st

Only motorists who make a statutory declaration that they have not used their cars since the first of this year will be entitled to the 20 per cent. reduction in the car license fee on April 1st, according to an announcement made in the Alberta Gazette recently.

News of the intention of the government to refuse a discount in license fee to motorists who used their cars during the past month, but have now laid them up until spring, was received with surprise and indignation by officials of the Alberta Motor Association in Calgary.

Mr. J. W. Bawden, secretary of the Association, forecasts that a great many fraudulent declarations would be made by motorists on April 1st as a consequence of the government's ruling. There would be every incentive for a motorist to "forget" that he had used his car during January with 1933 license plates.

Battle on the floor of the legislature at the coming session in respect to the government's method of handling the auto license fee is predicted.

## Admits Inquiries on Sale of Gov't. Phone System

That inquiries regarding the sale of the Alberta government telephone system had been received by the government at Edmonton, was admitted by W. H. Shield, M.L.A. in answer to a question put to the Membered member at a U.F.A. meeting at Granum.

A rumor that such an approach had been made to the government was published and a denial made by Hon. Geo. Handley, acting premier.

Mr. Shield said that from two American companies had recently come inquiries as to whether the government would dispose of the telephone system. Since American capital was interested in this utility, he said, the price they would be willing to pay was being sought so that the government might know what fair valuation might be set upon the system.

## Here and There

The first event in the celebration of the Centennial of the City of Toronto, to be held this year, took place at the Royal York Hotel in the closing week of 1933 when Mayor Stewart handed out leaves of "Centennial" bread to a large crowd of interested recipients.

Emile St. Godard and Leonard Sengul, heroes of many hotly fought dog derbies, will fight it out again in the Quebec Ice Derby of February 23-25 next to be held in Quebec City. Many other teams have already registered and special training events for the big show are being held.

A tip for the encouragement of the younger ski generation is given by the Canadian Pacific Railway in the company's inauguration of a special school are ski excursion at low rates to the Laurentians just outside Montreal. The special was heavily patronized by the youngsters.

Statistics recently issued by the Bureau of Railway News and Statistics show that the safest way to travel is by railroad. In a year's operation of Canadian and United States railroads only one passenger was killed out of a total of 469,948,529 persons carried, a total of 16,941,246,199 miles.

The old belief that women cannot wear high heels without injury to nerve and health was described as "hunk" by J. S. Brower, show expert of Milwaukee, delegate to the National Shoe Retailers Association convention recently held at the Royal York Hotel, Toronto.

A Canadian inter-collegiate ski meet, unique development in Eastern Canada as far as skiing is concerned, will be held at the Reimsby Club, Montebello, end of January. Toronto University, Ottawa University, McGill and St. Patrick's college in Ottawa are among the collegiate teams to be represented.

30 Sheet Pads Examination Paper 10 cents each—Pioneer Office

## LOCAL & GENERAL

The placing of danger signs on the road near the School would be a safety measure.

Mr. and Mrs. H. D. Booker left Tuesday for Calgary to attend the Synod of the Anglican Church and the Women's Auxiliary convention.

Miss Denise Burke, of Seattle, arrived Monday to visit her aunt, Mrs. J. Ferguson, who is in the Didsbury Hospital.

Mr. and Mrs. Jack Scrutton entertained a number of friends on Monday evening. What was played and honors went to Mrs. Durrer and Mr. Lee Sanderman. A delightful lunch was served by the hostess.

The Book and Magazine Club was entertained at the home of Mrs. Ward Keith on Monday evening. Bridge was played, the honors going to Mrs. J. W. Phillipson. The ladies spent a very enjoyable evening.

Mr. Bill Ross, of Olds, has taken a position with the Builders' Hardware here. Mr. Ross has had a number of years experience in the hardware business, having worked in the Olds store and more recently at Bowden.

Mr. L. Ashly Leavens arrived from Foxwarren, Manitoba on Tuesday and will take over the western Rawleigh territory. Mr. Leavens is staying with his son Larry Leavens for the present. His family will move here in the spring.

The Women's Society of Zion Evangelical Church will hold their Day of Prayer Service next Sunday morning at the M.B.C. Church. The pastor's sermon will be, "The Secret Springs." In the evening at 7:45 Rev. H. J. Wood will preach at the M.B.C. service, his subject being "Hindrances to Prayer."

Keep Wednesday evening, Feb. 21 open for the High School play which will be given under the auspices of the I.O.D.E. at the Opera House. "The Importance of Being Earnest" is a comedy that has proved very popular amongst amateur entertainers on both sides the Atlantic for several years. You'll enjoy it. (62)

Dr. Blackwood, Dominion veterinarian, has been in the district during the past week making the tuberculin test on a number of herds. We are given to understand that any farmer can have his cattle tested by the government vet. irrespective as to whether he is shipping cream to Calgary or not. This is a service that is being given by the Dominion government without cost to the farmer.

Mr. and Mrs. Jack Steele received a surprise visit Wednesday evening last when several friends called on them unexpectedly. Among those present were Mr. and Mrs. Ernest St. Clair, Scotty St. Clair, Mr. and Mrs. Bennie St. Clair, Mr. and Mrs. E. K. Cullen, Jack Winterbottom, Mr. and Mrs. Ed. Blain, Sam Thompson and Mr. and Mrs. W. J. Atkinson. An enjoyable time was spent playing five-hundred at the close of which lunch was served.

Mr. and Mrs. W. P. Schultz entertained Tuesday evening at their home when some ninety friends gathered. Twenty tables of whist were played and prizes went to Miss Brown, ladies 1st; Raul LeClaire, gentlemen's 1st; Mrs. Findlay and Eugene LeClaire, consolation. Piano numbers were given by Madame Tremblay, of Edmonton and violin selection by Mr. E. Barnes. St. Anne's Altar Society, Didsbury, wishes to express gratitude to all for the generous support received.
